

Construction Cycle One (CC-1) Rigid & Flexible Test Items

Test Area Diagram

At the NAPTF, the West end is defined as X=0 and each slab measures 20 ft x 20 ft.

Therefore: X = 21 to 39 and Y = 10.25 ft. indicates the longitudinal joint in the North side of LRS – slab 2.
 Z = 1.5 inches indicates the gages located 1.5 inches from the slab surface.
